COMPANY PROFILE

PAC·KING

PAC KING,as a professional adhesive tape exporter,we have rich export experience.We are exporting our products to more than 113 countries around the globe rather than covering all continents,such as Brazil,Colombia,USA,United Kingdom,Netherlands,Germany, South Africa,Korea,Thailand,Indonesia,etc.Customer satisfaction is our great priority.

90+ product categories Export area 113+

As a professional adhesive tape manufacturer,our product line range from upstream industry such as release liner production,to deep processing industry,such as die cutting.

We have developed over 80 types of quality ranged products, such as masking tape,BOPP packaging tape,cloth tape,anti slip tape,PVC tape,double sided tape,foam tape,electrical tape, **etc.We always keep developing new materials and improving** existing materials quality to make our product more environmental friendly.

Also,We have got USD1,000,000 trade assurance from Alibaba, which is a guarantee for new buyers.As a reliable supplier,we worth your trust.

For more details,kindly visit our website www.pkgtape.com. Also you are really welcomed to follow our company page in facebook www.facebook.com/pkgtape.We tend to release new products online.Feel free to inquire about prices at any time. Looking forward to cooperating with you!

Solution for Construction Tape

Deck Joist Tape

Bitumen Tape

Butyl Tape

Ridge Waterproof Roll

Bitumen Waterproof Membrane

Airtight Sealing Tape

Flashing Tape

Drywall Joint Mesh Tape

Window Seal Strip

PE Stucco Tape

Vapor Barrier TApe

PVC Pipe Wrapping Tape

TPE Joint Tape

PVC Corner Bead Tape

Drywall Joint Mesh Tape

- **Material:** Fiberglass mesh
- **Features:** Self-adhesive/High strength/Crack resistant
- **Applications:** Drywall joints/Gypsum board seams/ Wallrepair

Drywall Joint Paper Tape

- **Material:** Paper
- **Features:** Strong adhesion with joint compound/ Smooth finish/Crack resistant
- **Applications** :Drywall joint finishing/Gypsum board seams/Interior wall construction

Wall Repair Patch

- **Material:** Aluminum mesh +fiberglass
- **Features:** Self-adhesive/Strong support/Easy repair
- **Applications:** Wall holes &cracks/Drywall repair / Quick patching

PVC Corner Bead Tape

- **Material:**PVC
- **Features:** Reinforced corner protection/Straight &smooth finish/Impact resistant
- **Applications** :Drywall outside corners/Walledge protection

Metal Corner Tape

- **Material:** Metal+Paper
- **Features** :Strong corner reinforcement/Straight &clean edges/Impact resistant
- **Applications:** Drywall corners/Wall edge protection

Fiberglass Felt Tape

- **Material:** Fiberglass felt
- **Features:** High strength/Alkali resistant/Crack resistant
- **Applications:**Joint reinforcement/Wall repair/ Construction use

Egg Crate Acoustic Foam Tape

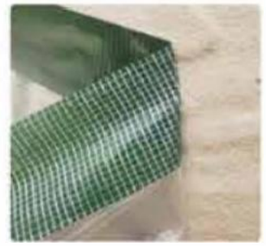
- **Material** :Polyurethane foam
- **Features**:Sound absorbing/Lightweight/Easy to install
- **Applications** :Sound insulation/Studio &room acoustics /Noise reduction

Damping Sound Insulation Mat

- **Material:**PVC/Rubber composite
- **Features:** Vibration &noise reduction/Flexible & durable/Easy to apply
- **Applications:** Floor,wall,and ceiling insulation/ Home &industrial soundproofing

Polyester Acoustic Panel

- **Material:**Polyester fiber
- **Features:** Sound absorbing/Lightweight &durable/ Fire resistant
- **Applications:** Wall &ceiling acoustic treatment/ Studios,offices,and public spaces



Masking Films

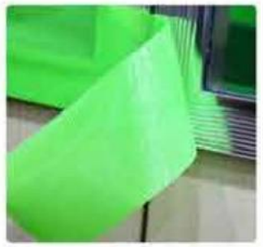
- **Material** :PE film with low/medium tack adhesive
- **Features:** Easy to apply/remove,dust &scratch resistant
- **Applications:** Temporary protection for surfaces during painting or construction

Masking paper made of kraft paper

- **Material:**Kraft paper
- **Features:** Tear-resistant,easy to fold,protects surfaces
- **Applications** :Surface masking during painting, renovation,or construction

PE Stucco Masking Tape

- **Material** :PE film with adhesive coating
- **Features**:Strong adhesion,weather-resistant
- **Applications:** Masking and protection on stucco,textured walls,and rough surfaces during painting or construction



Stucco Tape

- **Material** :PE film with adhesive
- **Features:** Strong adhesion,durable
- **Applications:** Masking and protection on textured surfaces during painting or construction

Masking Tape

- **Material:** Paper with adhesive
- **Features:** Easy to apply and remove,leaves no residue
- **Applications:S** urface protection and masking during painting or renovation

Washi Tape

- **Material:** Washi paper with adhesive
- **Features:** Lightweight,easy to tear,repositionable
- **Applications:** Decorative masking,labeling,and craft projects

Exterior wall base fabric tape

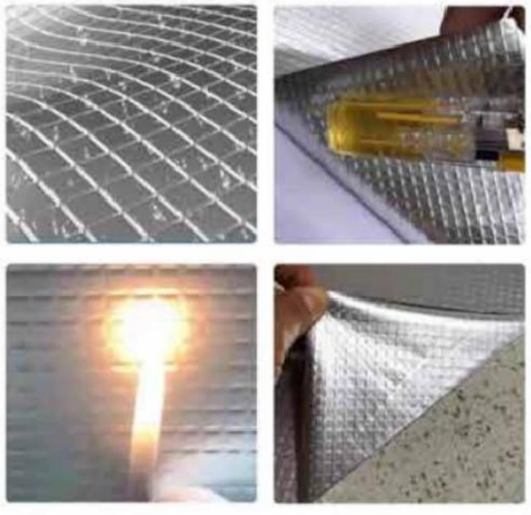
- **Material** :Fiberglass fabric with adhesive
- **Features:** Strong reinforcement,weather-resistant
- **Applications:** Joint and crack reinforcement for exterior wall base layers

Aluminum Foil Tape

- **Material:** Aluminum foil with adhesive
- **Features:** Heat and moisture resistant,strong adhesion
- **Applications:** Sealing,insulation,and surface protection in HVAC,construction,and electrical work

Aluminum Foil Glass-Cloth Tape

- **Material:** Aluminum foil with glass cloth and adhesive
- **Features:** High strength,heat and abrasion resistant
- **Applications:** Insulation,sealing,and protection in high-temperature or electrical applications



Grid Pattern Aluminum Foil Tape

- **Material:** Aluminum foil with reinforced grid
- **Features:** Strong,heat &moisture resistant
- **Applications:** Sealing and insulation for HVAC and construction

Aluminum foil scrim-kraft tape

- **Material:** Aluminum foil with reinforced kraft and adhesive
- **Features:** Strong,heat &moisture resistant
- **Applications:** Sealing and insulation in construction and HVAC

Solar Aluminum Foil Tape

- **Material:** Aluminum foil with adhesive
- **Features:** UV and heat resistant,strong adhesion
- **Applications:** Sealing and insulation in solar panels and outdoor installations

Aluminum Foil Tape (without liner)

- **Material:** Aluminum foil with adhesive
- **Features:** Easy to apply,heat and moisture resistant
- **Applications:** Sealing,insulation,and surface protection in HVAC and construction

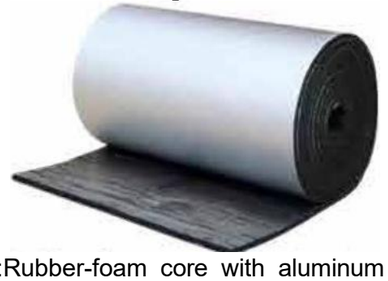
Black Cloth Rubber-Foam Tape

- **Material** :Rubber-foam core with cloth surface and adhesive
- **Features:** Flexible,compressible,weather-resistant
- **Applications:** Sealing,cushioning,and vibration damping in construction and automotive use

PVC Rubber-Foam Tape

- **Material** :PVC foam with adhesive
- **Features:** Flexible,weather-resistant,durable
- **Applications:** Sealing,cushioning,and insulation in construction and automotive applications

Aluminum Foil Rubber-Foam Insulation Tape



- **Material** :Rubber-foam core with aluminum foil and adhesive
- **Features:** Thermal insulation,flexible,moisture resistant
- **Applications:** Sealing and insulating pipes, ducts, and HVAC systems

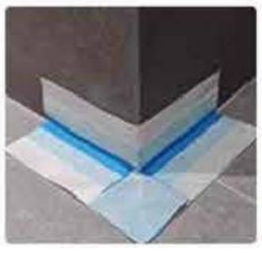
Acoustic Cotton Tape

- **Material** :Polyester acoustic cotton with adhesive
- **Features:** Sound-absorbing,lightweight
- **Applications:** Noise reduction and sealing for acoustic panels and interior applications

Anti-Mold Tape

- **Material:** PVC with anti-mold adhesive
- **Features:** Mold-resistant,moisture-resistant
- **Applications:S** ealing joints in bathrooms,kitchens, and humid areas

TPE Expansion Joint Tape

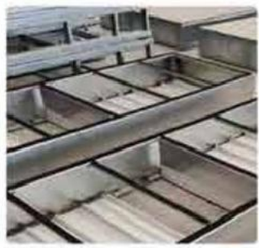


- **Material:** TPE with adhesive
- **Features:** Flexible,durable
- **Applications:** Sealing and movement joints in construction

Window Flashing Tape

- **Material:** Butyl adhesive with PE or aluminum backing
- **Features:** Waterproof,strong adhesion
- **Applications** :Sealing and waterproofing around windows and doors

EPDM Foam Tape



- **Material:** EPDM foam with adhesive
- **Features:** Weather-resistant,flexible
- **Applications:** Sealing and cushioning in construction and automotive use

Aluminum Foil Butyl Tape

- **Material:** Aluminum foilwith butyl rubber adhesive
- **Features:** Waterproof,strong adhesion
- **Applications:** Sealing and waterproofing in roofing and construction

Flexible Butyl Tape

- **Material:** Butyl rubber with release liner
- **Features:** Flexible,waterproof
- **Applications** :Sealing and waterproofing in construction and repair

Bitumen Tape

- **Material:** Bitumen with aluminum or PE backing
- **Features:** Waterproof,strong adhesion
- **Applications:** Sealing and waterproofing for roofs, pipes,and joints

Carpet Protection Film

- **Material:** PE film with adhesive
- **Features:** Anti-slip,easy removal
- **Applications:** Temporary protection for carpets during construction or renovation

Window Glass Protection Film

Material :PE or PET film with adhesive

- **Features:** Scratch-resistant,easy to apply and remove
- **Applications:** Temporary protection for glass during construction,renovation,or transport

Multi-Surface Protection Film

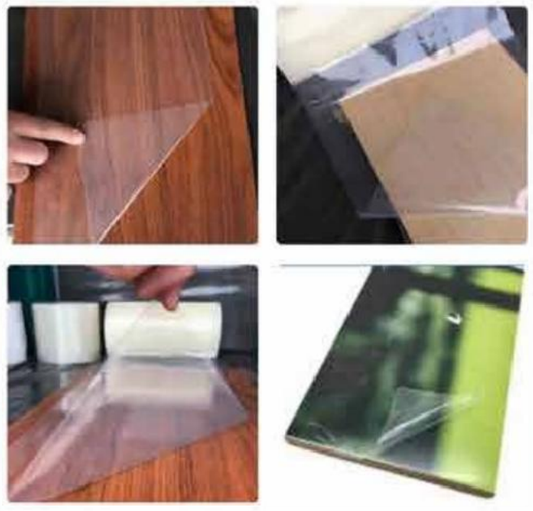
- **Material:** PE/PET film with adhesive
- **Features:** Scratch &dust resistant
- **Applications:** Temporary protection for floors,countertops, and tiles

EVA Floor Protection Film

(customizable)

- **Material:** EVA film with adhesive
- **Features:** Soft,durable,easy to remove
- **Applications:** Temporary floor protection during construction or renovation

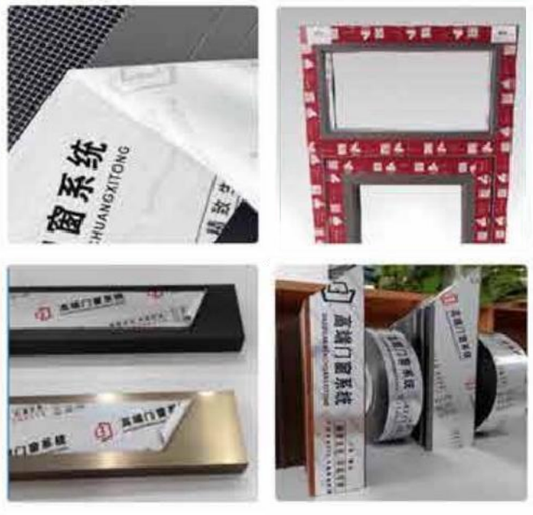
Solid Wood Board Protection Film



(customizable)

- **Material** :PE/PET film with adhesive
- **Features** :Scratch-resistant,easy to remove
- **Applications:** Temporary protection for wooden boards and surfaces during construction or transport

Door &Window Frame Protection Film

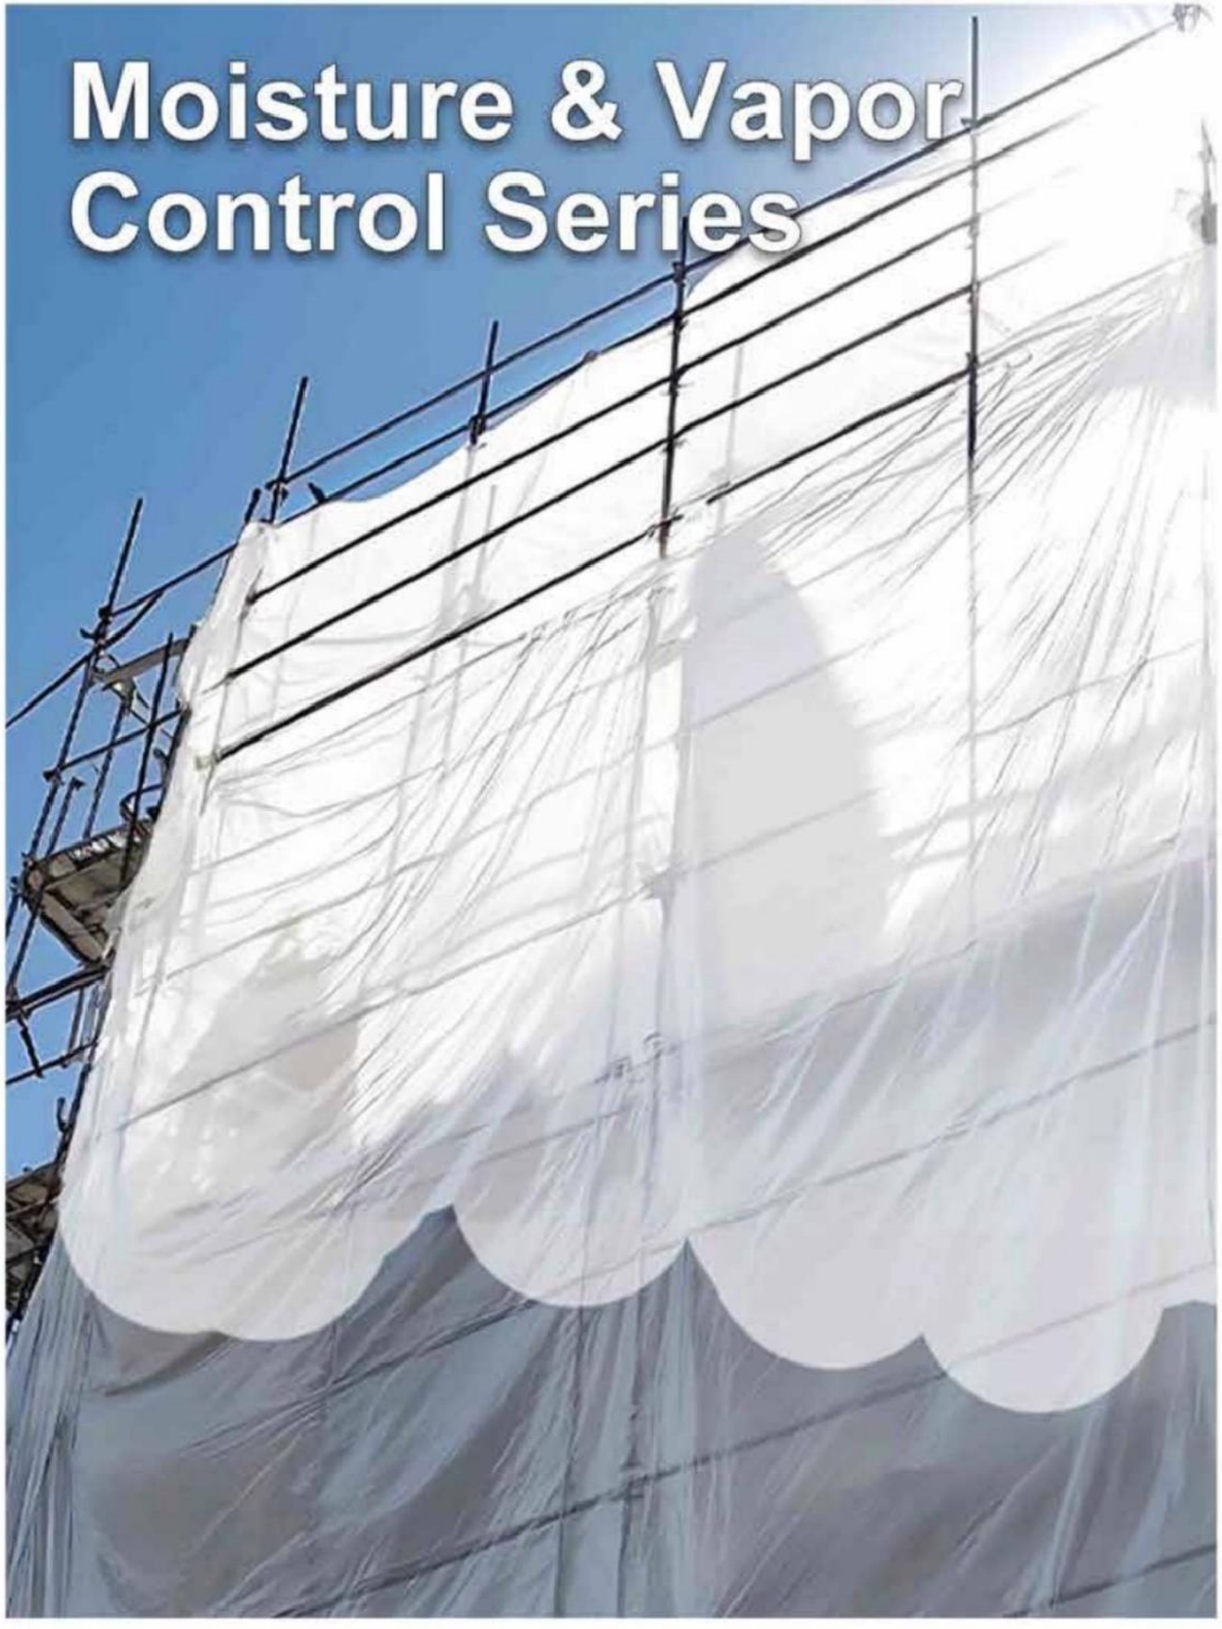


(customizable)

- **Material:** PE/PET film with adhesive
- **Features** :Scratch and dust resistant,easy to remove
- **Applications:** Temporary protection for door and window frames during construction or renovation

Carpet Film Applicator

- **Material:**Metal or plastic frame
- **Features:** Easy operation,improves efficiency
- **Applications:** Applying carpet protection film during installation or construction



Sheathing Tape

- **Material:** PE or PET backing with acrylic adhesive
- **Features:** Weather-resistant,strong adhesion
- **Applications:** Sealing joints of sheathing and vapor barrier membranes

Vapor Barrier Seam Tape

- **Material**:PE/PET film with acrylic adhesive
- **Features:** Airtight,moisture-resistant
- **Applications:** Sealing seams of vapor barrier and insulation membranes

PE airtight tape

- **Material:** PE film with acrylic adhesive
- **Features:** Airtight,moisture-resistant
- **Applications:** Sealing and air control in building envelopes

Waterproof And Vapor Barrier Tape

- **Material:** PE film with adhesive
- **Features:** Waterproof,vapor-resistant
- **Applications:** Sealing joints in vapor barriers and waterproofing systems

Waterproof And Vapor Permeable Tape

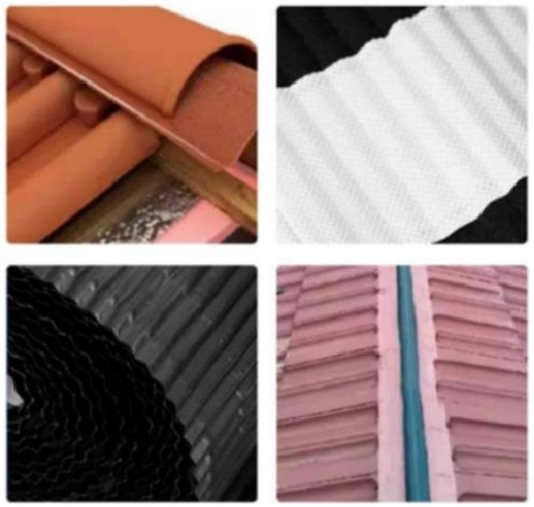
- **Material:** Breathable membrane with adhesive
- **Features** :Waterproof,vapor-permeable
- **Applications:** Sealing joints in breathable membranes and building envelopes

Deck joist tape

- **Material:** Butyl rubber with PE or foil backing
- **Features:** Waterproof,durable
- **Applications:** Protecting and sealing deck joists and beams

Roof Waterproof Tape

- **Material:** Butyl rubber with aluminum or PE backing
- **Features:** Waterproof,strong adhesion
- **Applications** :Sealing and repairing roofs and flashing areas



Ridge Waterproof Roll

- **Material:** Bitumen or polymer membrane
- **Features:** Waterproof,weather-resistant
- **Applications:** Ridge sealing and waterproofing on roofs

Moisture &Vapor Barrier Series

Designed for construction and renovation applications,this series provides reliable moisture protection,vapor control,and waterproof sealing.It helps improve airtightness,prevent moisture intrusion,and protect building structures in wall,floor,and roofing systems.

PVC electrical insulation tape

- **Material:** PVC film with rubber adhesive
- **Features:** Electrical insulation,flexible
- **Applications** :Insulating and bundling electrical wires and cables

Cloth Automotive Wire Harness Tape

- **Material:** Cloth backing with adhesive
  Features: Flexible,abrasion-resistant,heat-resistant
- **Applications:** Wrapping and protecting automotive wire harnesses

Electrical Insulation Series

Designed for electrical wiring and cable management,this series provides reliable insulation,protection,and identification.The products offer good electrical insulation,flexibility,and adhesion, making them suitable for cable wrapping,bundling,and marking in electrical installations.

Electrical Insulation Series 7
